

Annoying mistake in:
“A Note on Pre-Play Communication”

Definition 4 on page 481 should read:

The game G is decreasing from the maximum for Player i if for all $s_i \in S_i$, there is a $s_j^*(s_i)$ such that $u_i(s_i, s_j'') < u_i(s_i, s_j') < u_i(s_i, s_j^*(s_i))$ for $s_j'' > s_j' \geq s_j^*(s_i)$.
